

Institutional Distinctiveness

Govt. Naveen girls college is situated in between a urban and rural area, the situation is such that the girls are not in an encouraging situation. In such a challenging situation college tries its best to prepare these unprivileged girls in such a way that not only in studies but in every walk of life they are prepared to face all the challenges of their career. Besides, college administration helps the financially weak student too.

The college science faculty has to its credit shining stars who have enrolled themselves in the university top ten merit list. In 2017 – 18 kumari Roshni Rajwade, was and kumari Priyanka baid in 2019-20.

College ex. student Kumari Shikha jain is at present posted as additional treasury officer, kumari Samujjwala Dubai is posted as Revenue inspector. Along with this inspired by the atmosphere of this college Kumari Roshni Rajwade , Kumari simran and many student are ardently trying for PSC & C.G. PSC. Most of the girls after passing out from here are pursuing like B.ed. ,M.A, Msc. Mcom. ,higher studies else where. There are many girls are working in bank, Education department. Health department , police department and local shops & Agriculture field.

Along with academic activities non- academic activities organized on and off helps to bring out their talents. Its to be noted here that kumari Sangeeta sahu had the privilege to participate in the Republic day parade in Delhi , kumari Soniya Rajwade participated in the state level NSS camp and received prizes. Along with this the college organizes mehendi ,rangoli hair styling, cooking, salad decoration competition girls take active part in it & win prizes & provides chance to other girls who are interested in this & later on they mould their careers as beautician &

seek self employment. College organizes sports day & several girls participate in it & even represent college on state level games.

College follows “best with waste” & through this girls make the best use of waste materials & create useful products , which in future may lead to self employment.

The college initiative of education with employment students are who are selected have the skill to make useful and attractive things. These girls have been provided training with the help of staff contributory funds. Through this girls created useful & alternative things as piggy banks flower Pot, pen stand , ear rings , bracelets, neck lace , photo frames, paintings etc. To sell these , stalls are installed once in a week the gain received from the sale is given to the girls who created it the whole process of creating, selling display of the products are done following transparency through this process girls are mentally prepared for employment.

To develop social responsibility among girls every year college adopts a village & in winter season blankets , woolen clothes, plain clothes are distributed among the villagers. In this programmes students staff and professors personally help with cash & clothes.

During covid - 19 students made mask at home and distributed among the villages & made the villagers aware of the risk & asked them to take paper precautions.

Through various methods college girls are continuously prepared socially, mentally, financially and morally to be able to face the challenges of society later on.
